Care Sheet

BROCHIS SPLENDENS - EMERALD CATFISH

Brochis splendens

Suitable for planted community tanks, best kept in a school. Juveniles (<3cm) have a distinctive sail like orange dorsal fin which shrinks back to normal as the fish grows.

Disclaimer: The information provided here is of a general nature only. There are site specific factors that are not addressed here that may also affect the health and well being of your fish, as such Coburg Aquarium will not be held liable for the performance of your fish.
