

BROWN GHOST KNIFE FISH

Apteronotus leptorhynchus

ADDITIONAL COMMENTS

Nocturnal. Shy at first until settled. Needs several hiding places (eg driftwood, cave like structures, dense planting). Sensitive to medications.

Disclaimer: The information provided here is of a general nature only. There are site specific factors that are not addressed here that may also affect the health and well being of your fish, as such Coburg Aquarium will not be held liable for the performance of your fish.
