

ASTATOTILAPIA BROWNAE

Astatotilapia brownae

ADDITIONAL COMMENTS

Males quite attractive when mature, with multi-coloured bodies. Can be aggressive, particularly when breeding, so provide some hiding places. Tankmates should be of similar size and hardy nature.

Disclaimer: The information provided here is of a general nature only. There are site specific factors that are not addressed here that may also affect the health and well being of your fish, as such Coburg Aquarium will not be held liable for the performance of your fish.
